Address :

151 Rayners Lane

HA2 0XH

Use Apple/Google maps for directions

Nearest Underground : Rayners Lane Underground Station : 12 minutes walk

Bus stop outside Tithe Farm Sports Centre: H12

Vaccination by appointments only via your GP based on NHS Prioritisation.

We aim to vaccinate you at the centre in a COVID safe environment and minimise your time within the centre.

Car Parking on site is limited so please do not come to the Centre more than 20 minutes before your appointment. Once you report to Reception you may be asked to wait in your car to avoid overcrowding and risk of infection.

Please follow advice from our Centre volunteers (with yellow jackets) who are there to help you if you need. There will be wheelchairs at the entrance for you to use if needed.

To ensure COVID safe procedures and social distancing, only the patient and (if necessary) one carer will be allowed into the building. Otherwise please wait in your car or collect your patient outside in the carpark.

Within the Centre a one way system of movement will be in operation with a separate entrance and exit.

Please enter the centre with a protective face mask and use the hand sanitiser at the entrance. There will be limited use of toilets within the premises to minimise the risk of infection.
